SEC. DULLES OPENS TALKS IN PARIS TO DECIDE POLICY ON MIDDLE EAST WATERWAY

By ARTHUR GAVSHON

Paris (AP)—U. S. Secretary of State Dulles and British Foreign Secretary Selwyn Lloyd had their first meeting today since the rift over Suez and were reported to have made "real progress" in reaching an agreed policy on the Middle East waterway.

An American Spokesman said the two diplomats discussed methods of clearing the canal and putting it into operation quickly, as well as a program for its future control and operation.

"Real progress was made toward aligning their views," said the spokesman.

Dulles met with Lloyd for more than an hour, then conferred with Foreign Minister Christian Pineau of France.

The spokesman described the Dulles-Lloyd meeting as "a cordial, constructive meeting."

The Dulles-Lloyd meeting at the American Embassy was the curtain raiser in a week of intensive Western diplomatic activity here.

Foreign, finance and defense ministers of the NATO council will meet tomorrow to review the position of the alliance and set new goals of preparedness. The seven-nation Western European Union, the regulating alliance that governs the level of West German armament, met this morning.

The talk by Dulles and Lloyd emphasized the feeling on all sides that NATO members must henceforth work in greater harmony.

The United States opposed the British-French policy in the Middle East which led to the attack in Egypt.

Whether Dulles, Lloyd and Pineau again would get together in a Big Three session, resuming the practice of NATO sessions before Suez, was an open question.

Dulles also talked today with U. S. Secretary of the Treasury George Humphrey and Defense Secretary Charles E. Wilson, who would have a big finger in any aid programs.

Arriving by plane from Washington, Dulles said it was the United States' "firm purpose to find the way to bury past discords in a future of peaceful and fruitful co-operation."

Both Lloyd and Pineau also want full and unswerving American support for a settlement of the Suez Canal dispute guaranteeing speedy clearance of the blocked waterway and that Egypt must not interfere with its future operation.

Another preliminary to the NATO sessions was a meeting today of the Ministerial Council of the seven-nation Western European Union at which Britain was expected to demand that West Germany pay more toward the defense of Europe or risk a reduction of British forces on the Continent.

United Nations, N. Y. (AP)—U. S. Delegate Henry Cabot Lodge today joined delegates from all parts of the free world in demanding an immediate U. N. condemnation of the Soviet Union for its actions in Hungary.

Lodge addressed the 78-nation General Assembly as that body began debating a proposal to condemn the Russians and demand once more that they comply with previous U. N. resolutions.

By WILLIAM N. OATIS

United Nations, N. Y. (AP)—The United States and 15 other nations asked the U. N. General Assembly today to condemn the Soviet government for violating the U. S. Charter by depriving Hungary of independence and the Hungarians of their rights.

The resolution being introduced in the Assembly today would call on the Russians "to make immediate arrangements for the withdrawal, under United Nations observation, of its armed forces from Hungary and to permit the re-establishment of the political independence of Hungary."

One outspoken opponent of the Soviet action in Hungary, Cuban Delegate Emilio Nunez-Portuondo, said he would introduce a resolution in a few days to put the Assembly on record in favor of

Annual Auto Show Tremendous Success Despite Bad Weather

Officiating at the special event was Grand Cheminot Loy Youkers, Butler, who was a guest of Chef De'Gare Wyllis Johnson and the show committee. President of Chicago White Sox Dies Suddenly

Chicago (AP)—Grace Comiskey, president of the Chicago White Sox, died suddenly today in her apartment.

Death to the head of baseball's pioneering family apparently was caused by a heart seizure. She had been in poor health ever since suffering a serious heart attack in March of 1950.

Mrs. Comiskey's age was about 66.

British Patrol Is Reported Attacked By Guerilla Band

Port Said, Egypt (AP)—Egyptian guerrillas attacked a British patrol from a rooftop in Port Said's Arab quarter with a burst of machine-gun fire and a hail of hand grenades.

One soldier of the eight-man Royal Scots regiment patrol was wounded slightly. The British-French command sent off an urgent protest to headquarters of the U. N. emergency police force, accusing Egypt of violating the cease-fire.

The patrol called reinforcements and cordoned off the area. Seven Egyptians were arrested.

The ambush was the first such attack in Port Said by the Egyptian underground since the cease-fire became effective Nov. 8. Previously there have been scattered shots fired occasionally.

The aim apparently was to harass the diminishing British-French force as it rushed its withdrawal order by the U. N. General Assembly. The bulk of British and French troops are expected to be gone from Egypt within three days.

The Egyptian underground has been growing more openly hostile as the days of the final British-French pullout nears. The occupation commanders have put their men on the alert for a final Egyptian show of defiance.

A barbed wire barricade was stretched around the Port Said dock area in preparation for the final withdrawal. Patrols have been strengthened.

A Christmas Reminder For Area Blood Donors

Since holiday gift reminders are the order of the day at this time of year, it seems appropriate to remind readers one of the finest gifts possible would be to donate a pint of blood when the Red Cross Bloodmobile visits Warren this Wednesday.

The equipment from Buffalo will be set up at Warren County Chapter headquarters in the Service Center at 404 Market street, the hours to be the usual 10:00 a. m. to 3:45 p. m. Donors who find it impossible to schedule an appointment in advance will be welcomed by the staff as drop-ins any time during that period.

Six Nurses Are Killed In Crash In N. Y. State

Patterson, N. Y. (AP)—Six young student nurses were killed last night when their car skidded out of control and smashed into a milk tank truck. The truck driver escaped injury.

The nurses, aged 19 and 20, were bound for the Harlem Valley State Mental Hospital at Windgate, N. Y., near this Putnam county community, when their auto crashed on Route 22.

They were senior students at St. Mary's Hospital in Brooklyn, N. Y., and were en route to begin the third week of a 12-week training course in psychiatric nursing.

The force of the crash, state police said, reduced the nurses' vehicle to a mass of tangled wreckage. Five died at the scene; the sixth en route to a hospital.

Witnesses said the weather was clear although it had snowed earlier.

Frank Bollin of Poughkeepsie, N. Y., the truck driver, told authorities the nurses' car skidded out of control and veered toward his truck. He turned his vehicle up an embankment but the car smashed into the trailer.

Martial Law Is Tightened Over Hungary

Vienna (AP)—Police and troops imposed rigid new controls on rebellious Hungary today to enforce martial law proclaimed by Premier Janos Kadar's desperate government. It seemed apparent the regime had embarked on a campaign to wipe out the last vestiges of resistance.

The unhappy nation, torn by revolt, strikes and Communist repression for nearly seven weeks, has been cut off from contact with the Western world for more than 24 hours, except for broadcasts by Budapest radio.

The Red regime ordered military trial for a variety of offenses punishable by death and dissolved the major workers' councils that had tried to negotiate for Hungarian freedom.

The Vienna telephone exchange would not accept calls for Budapest, saying there was no contact. Telephone service between Budapest and Moscow resumed on a limited basis. But AP Correspondent Harold Milks reported attempts to telephone the hotel where Western newsmen stay in Budapest or the home numbers of Hungarian resident correspondents met with the reply: "Those numbers are out of order."

One Western diplomatic mission in Vienna said its only word from Budapest since the communications blackout was imposed was a message at 6 p. m. last night that "all was quiet" in the capital.

Word seeped through that police were controlling traffic strictly in the Budapest area in an apparent effort to halt movement of any anti-government groups or arms for them.

Radio Budapest said production in the pork slaughterhouse near the vast Csepel industrial region south of the city was "disturbed" when police held up cars transporting workers living outside the town to the slaughterhouse.

The broadcast also reported that the workers' council of the slaughterhouse "generally agrees with the imposition of martial law" and considers it proper that weapons should be taken from persons not authorized to have them. The councils in individual plants were exempted from the dissolution order.

Premier Janos Kadar ordered summary military trial for persons suspected of murder, manslaughter, arson and robbery, looting, damage to public plants and utilities and all attempts at these crimes, and illegal possession of arms, ammunition and explosives. The penalty is death.

Herter Makes Plans To Take Over Federal Post

Boston (AP)—Gov. Christian A. Herter returned home from Washington last night to complete his term as governor before taking up his new job of undersecretary of state next month.

The governor has been in Washington, where President Eisenhower nominated him for the No. 2 spot in the State Department to replace Herbert Hoover, Jr., who is resigning to return to his private engineering practice.

Herter refused to discuss foreign affairs or the policies he plans to pursue as undersecretary of state. He told reporters: "I do not think it proper for me to comment on the job until I have been sworn in."

Herter said he will take a short vacation when his term as governor expires Jan. 3 and then will work with Hoover for two weeks before assuming the post himself. Hoover is scheduled to step down about Feb. 1.

Kansas City Newspaper Show Down By Strike

Kansas City (AP)—Arrival today of Jack Torrence, a vice president of the International Pressmen's Union, may bring developments in the dispute which has shut off publication of the Kansas City Star since Saturday afternoon.

Some of the Star's contract distributors and members of the Pressmen's Union continued their picket line at the Star building. Other union craftsmen—printers, stereographers and engravers—declined to cross the picket line.

The Times, morning edition of the Star, did not publish today. Subscribers got about half of the 152-page edition scheduled for Sunday.

PAYS WATER BILL

McKeesport (AP)—Officials of White Oak Borough, threatened with loss of its water supply, today paid a \$5,000 water bill tendered by the city of McKeesport. City Council of McKeesport told the borough last week its supply of water would be shut off if the bill were not paid. The bill was for water supplied last summer.

NEW YORK STATE VILLAGE HAVING MONEY TROUBLES

Ellenville, N. Y. (AP)—New money troubles arose today to plague this Catskill Mountain resort of 5,000 persons, but there were hopeful signs, too.

The community was thrown into a financial ditch last week when its leading bank, The Home National, had to be closed because of a \$1,300,000 shortage.

Its president, William R. Rose, 51, has been charged with falsifying records. He denied any personal gain, saying he had juggled books only to help local business men.

Girl Scouts Planning Twelfth Night Ceremony

The program committee of Warren-Forest Girl Scout Council announces plans are progressing satisfactorily for Warren borough's traditional Twelfth Night Ceremony, or Burning of the Greens, with the date set for Tuesday evening, January 8.

An invitation is extended by the committee to all Girl Scouts and Brownies in the borough and in those surrounding communities which have not planned an individual Twelfth Night event.

Clinton School Opens Without Trouble Today

Clinton, Tenn. (AP)—Integrated Clinton High School reopened without a hitch today, with eight Negro students—four boys and four girls—walking together back to classes. One student planned to move away with her family.

Three police cars cruised the area briefly and then returned to their normal duties in this little eastern Tennessee city of 4,000. There was no indication of racial disturbances which caused authorities to close the school last Tuesday.

Students of both races appeared in jovial mood.

Authorities said about the normal of white students also reported for the reopening, with approximately 800 students enrolled.

A few minutes after classes were resumed, 16 white men and women were scheduled for arraignment in U. S. District Court at Knoxville, 20 miles from here, on charges of criminal contempt.

Judge Robert L. Taylor planned to set early trials for the 16, accused of contempt in violating an injunction last week against interfering with orderly integration.

A Tennessee pro-segregation group said Saturday that nine lawyers, including attorneys general of two states, have agreed to defend them.

Wild Tales Following in Wake Of Youth Disturbances Spiked By Boro and School Officials

Law enforcement officers and school officials today joined in spiking the flood of rumors which followed in the wake of a minor scuffle Thursday night between teenagers.

Tales of a similar affair Friday night, in which Warren County Probation Officer A. J. McDonnell (also a teacher) was involved, have no truth in them according to McDonnell who was home when the incident was supposed to have happened.

A similar rumor of two boys expelled from high school because of their distinctive haircuts was also baseless. The students involved in a matter of school policy were back in classes today, according to Principal Joseph V. Passaro.

Police chief Mike Evan reports that there has been no recurrence of the teen age scuffle which was all but averted Thursday night. "All quiet" prevails.

It was developed that an element out of high school was responsible for inciting about 15 teenagers to thoughts of fistfights Thursday. Other pupils gathered to swell the crowd and "watch the fun."

Principal Passaro pointed out that it is too bad 98 percent of high school students have to assume the blame for trouble caused by a misled 2 percent.

Reports of Missing Hunters Keep Local Officials on Jump

State and local police reported seven hunters were reported lost in Warren county woods over the weekend but all have since been found.

Warren police started Sunday that two nimrods, lost in Hearts Content area since 4 p. m. Saturday had been brought back to civilization by Sunday noon and were apparently none the worse for wear.

Police gave the names as Robert Cassida, 19, and Charles Trimbat. Elsewhere the total of hunters killed accidentally rose to seven with three more nimrods shot over the weekend.

They included Lloyd Havice, 24, of Millfin County, Harold Hopple, 14, of Honey Grove, and Earl Gambler, 25, of Bachelsville. Game Warden George Smith of Lewisistown said Havice was shot accidentally by a companion while hunting near Milroy. Ronald

Approval of Swick Site for New School Predicted Tonight

Warren Joint School Board tonight seems certain to vote approval of a new high school building on the Swick site.

The full board is expected to act favorably on a resolution calling for the action passed at the November Committee meeting.

The expected decision tonight will climax more than a year of heated arguments over whether to situate the new high school building on a hilltop or continue it in a more central location.

Lack of an ideal site in the borough finally forced majority Joint Committee opinion to vote for the Swick location in a 12-2 split.

The meeting tonight will get underway with a dinner in Beatty Junior High School cafeteria at 6:30. Business session will start about 7:30 p. m. There will be space for visitors.

Rumors of a pending injunction this evening against positive action for the Swick site seem to have little basis in fact. A few arguments may be presented in a last-ditch effort to stay the decision but final approval of the hillside location is almost a certainty.

Ike Condemns Red Brutality In Human Rights Day Declaration

By MARVIN L. ARROWSMITH

Augusta, Ga. (AP)—President Eisenhower called on free people everywhere today—Human Rights Day—to take fresh note of Russian ruthlessness and never forget "what tyranny has done to our fellow man in Hungary."

Soviet brutality there is cause for "worldwide mourning," for the President said. He added that actions of "horror and revulsion" it almost completely repudiates the United Nations human rights declaration.

Noting this is the eighth anniversary of the declaration's adoption by the U. N. General Assembly, Eisenhower said in a statement put out at his vacation head-

quarters at Augusta last night: "This year the free world has the most compelling reasons for renewing human rights day with renewed awareness and resolution, but it has little cause to 'celebrate' that day."

"The recent outbreak of brutality in Hungary has moved free peoples everywhere to reactions of horror and revulsion. Our hearts are filled with sorrow. Our deepest sympathy goes out to the courageous, liberty-loving people of Hungary."

In observance of the day, there were plans for midday tolling of church bells all over America—and for prayers for the victims of Soviet oppression.

Trans-Canada Plane Lost During Storm

Vancouver, B. C. (AP)—A Trans-Canada Air Lines plane carrying 62 persons vanished during a violent windstorm over mountainous south central British Columbia last night and was believed to have crashed.

Potentially it was the worst commercial aviation disaster in Canadian history.

Although Trans-Canada still listed the four-engined North Star as only "overdue," the airline's public relations director here, Al Carlson, said there was "absolutely no hope" the plane was still in the air.

According to the Royal Canadian Air Force, which planned to send "every available plane" into a massive search for the missing aircraft at dawn, the North Star would have exhausted its fuel supply at 1 a. m., PST.

In addition to the aerial search, a ground party was set to start out from Chilliwack, 65 miles east of Vancouver.

Four RCAF planes crisscrossed the North Star's route during the night without sighting a trace of the missing plane.

The airline listed the plane as "overdue" at 11:15 p. m.

It carried 59 passengers and 3 crew.

The worst commercial air disaster in Canada occurred on April 8, 1954, when an RCAF training plane crashed into a TCA airliner in flight over Moose Jaw, Sask., killing 37 persons.

Hansel and Gretel Fairy House

This delightful candy house was made for the Christmas season decorations at the Interlectric Corporation cafeteria by the chief cook, Grace Mong. Mrs. Mong has been in charge of the culinary arts at Interlectric for six years. Each year special treats are prepared for the employees by Grace and her staff at Christmas time. The candy house from Grimm's Fairy Tales would make even better eating than the original. The fence is made of candy canes. Icing icicles drip from the eaves. The sugar lump bricks in the big chimney are held together with green icing mortar. The rock candy garden forms a sweet landscape. After the Interlectric Cafeteria has enjoyed the Candy House it will be taken to the Watson Memorial Home for the pleasure of the guests. Timesphoto by Saylor.

Honeymoon Couple Has Accident On Rte. 62 Near Akeley

A honeymoon took a dull cast Sunday when Pittsburgh newlyweds on the way home with a full load of wedding presents had their car demolished in a two-car accident on Route 62 two miles north of Akeley.

Elmer E. Miller, 22, of Pittsburgh, and wife Dorothy, 22, were returning home from a wedding trip to Niagara Falls when the mishap occurred.

Mrs. Miller and three persons in the other machine which sideswiped the Miller vehicle when it skidded were taken to Warren General Hospital by Russell Volunteer Firemen ambulance after the accident happened about 3:15 p. m.

Driver of the car which could not avoid the skidding machine was Marshall G. Kitzinger, 37, of 45 Crestview Boulevard. His wife, Jane, suffered body bruises, son James had head cuts and a fractured left collar bone while a third passenger, Mrs. Adeline McKelvey, of Cobham Park Road had several cracked ribs.

Mrs. Miller suffered face, forehead and body bruises and a slight concussion. She and her husband, stationed at Fort Benning, Ga. and scheduled to be shipped overseas in January, took a bus to Pittsburgh.

In another weekend auto mishap, State Troopers reported Andy Peroski, 20, of Sheffield, was rammed in the rear as he attempted to turn right on Bull Hill about 3:15 p. m. Saturday. Causing a total of \$250 damage when the front machine was struck was Frederick Reist, 20, of RD 1, Warren.

Letters to the Editor

Warren, Pa., Dec. 8, 1956
Editor, Times-Mirror:

The opinion of an ordinary taxpayer concerning the comments of Myron S. Munson on school site is that he has made some excellent points in favor of retaining the school in a central location.

Estimates of providing the necessary approaches to the planned school site (Swick) have been published and are certainly worthy of sober consideration. The fact has been brought to my attention that at the new Eisenhower school, difficulty is being experienced in needed water pressure, with the result that toilet facilities are sub-normal and such a situation could be critical. It is stated the trouble at Eisenhower is the hill site, which could easily cause a small problem at Swick site, if water pressure were insufficient.

As Mr. Munson states, it seems the ample track field at Beatty and the War Memorial Field acreage should be sufficient for athletics for years to come without having to figure such space in connection with a new building.

The point made by Mr. Munson relative to the religious training of the children is well taken, if one has heard as I have, that, being they are given a choice between taking such a course and not taking it, by far the great majority elect to take the religious

training. These courses are being given in churches located near the school, thus easy to reach such classes promptly without waste of time. To continue such courses with the school at Swick site would necessitate bus transportation, the cost of which would militate against continuance of such very important classes, besides a considerable loss of time.

Ordinary Taxpayer.

The Warren Times-Mirror
Warren, Pennsylvania

Dear Mr. Lowrey:

After reading your article in the December 7 issue of your paper about the "Gang War", I got to thinking. I wondered just how much good the public officials think the edict of no loitering will do. The plans for this were made on a street corner, they were made in school. That's right, in school! I am 16 years old and I go to school with all the kids that were in this affair. I was "invited" to be in on it.

People won't believe me when I say this but these guys are really good fellows. If they thought for one minute that someone was desperately in need of something and they had the power to give, they would give it to him. These boys, like all other boys including myself, were looking for one thing. That is excitement. You parents just stop and think. What is there in this town for a teenager to do after school or after he gets through work?

I asked one man this question and he said that we have plenty to do, we have a dance at least once a month and then the Y's always open. Sure you can have a lot of fun at the Y but have you folks ever returned to the same place night after night and done the same thing? It gets pretty boring doesn't it?

In the start I am saying this: If you do not want more of the same trouble do something about it. I have been in and out of this town a couple times and I have as yet to find something to do which either wouldn't get you in trouble, or else got so boring after awhile you couldn't stand it. I've heard that the citizens of Warren have a great go-gettiveness when their town needs something. Well, I'm challenging you, the citizens of Warren, to prove to an outsider that you've got it. Show me that there are people in this town that can do more about we teenagers needs than just talk about it.

Sincerely yours,
In Irate Teenager.

regular carriers. These regulars have all they can handle in just "casing" the mail and getting it ready for delivery.

Therefore, everything you can do to make it easier for the carriers to identify your box will not only speed up deliveries but also prevent possible errors in delivery. Names on mailboxes are especially important in the case of multiple dwellings, double houses, apartments, etc.

Another little stunt that is annually suggested and helps a lot: place a small basket or weighted cardboard box on the floor beneath your mailbox in which surplus mail may be placed. And don't forget to arrange with a neighbor to take care of packages in case you are not going to be home during delivery hours.

Enterprise Man Is Highly Honored At Church Dinner

Titusville Herald: John Carleton Logan of Enterprise was the guest of honor at a community chicken supper at the Enterprise Methodist Church on Thursday evening. Fifty persons from the Enterprise area sat down to a dinner of chicken and biscuits. Mrs. Gene Wright, president of the WSCS, had charge of the dinner. She had ample help in serving the meal.

After dessert, the pastor of the church, Rev. Milton Shaffer, said the group would play a game of "Guess Who I Am?" Cards with questions and answers had been passed to various members, all telling something of the life of Mr. Logan. The honored guest soon

caught on as to the identity of the person.

The information given on the cards gave a pretty clear picture of a community-minded person who has lived a long and useful life. John Carleton Logan was born in Wetmore, near Kane, on May 10, 1873. He was the second child in a family of five children born to Mr. and Mrs. Alexander Logan. He attended school in Ludlow. Later he attended Clark's Business College in Erie. His first job was clerk in a bank in Erie.

He had only worked for a short time in Erie when his father called him to come to Ludlow and help in handling estates for people. John then went to work for his father. While there he met a pretty school teacher, Miss Gertrude Campbell, whom he immediately courted and won. They were married in Buffalo on June 17, 1902. Three sons soon made things lively in the Logan household—twin sons Donald Alexander and John Carleton Jr. were the first to arrive, then Douglas Campbell made it a threesome. Eight grandchildren also call Mr. Logan "Granddad."

Mr. Logan worked for the Wolverine Oil Company, the Sun Oil Company, and worked his own oil lease. He is now retired.

He was elected a school director at the age of 21. He was elected to this same office three different times in three separate communities. He has been on the Official Board of the Enterprise Methodist Church for many years. At present he is a trustee. Mr. Logan attends church regularly. He is an avid reader and keeps pace with current news and events. The young people of the community know him as a friend. His good humor and friendly way of dealing with all people make him one of

MR. AND MRS. BURNEY THREADGILL, JR.

First Presbyterian church in Berkeley, Calif., was the scene of a lovely fall wedding which united in marriage Mary Elizabeth Klenck, daughter of Mrs. Luella Klenck, former Warren resident now living in Berkeley, and Burney Threadgill Jr., son of Mr. and Mrs. Burney Threadgill, Sr., of Greenwood, Miss.

Officiating for the ceremony were Dr. Robert Boyd Munger and

the bride's brother, the Rev. Gordon M. Klenck. Another brother, Gerald H. Klenck, provided organ music and accompanied the Rev. Klenck, who sang "Till We Meet Again" and "The Lord's Prayer".

Given in marriage by a third brother, Wayne Klenck, the bride selected a princess style gown of white satin with cathedral train, the neckline appliqued with lace, pearls and sequins. A crown of orange blossoms held her fingertip veil of illusion net and her bouquet was fashioned of lilies of the valley, stephanotis, and a white orchid.

As maid of honor, Sally Houshy of Omda, Calif., wore yellow-gold taffeta; the bridesmaids, Peggy Woodward of Oakland and Dale Smith of Los Angeles, wore sea-foam green taffeta. All had matching headbands, with brief veils, and carried golden harvest carnations.

Donald E. Jones, Berkeley, was best man; ushers were Eric Erickson, Marshall Falls, Warren Engstrom and John Hood, all of Berkeley.

The 7:30 p. m. ceremony was followed by a reception for 300 guests.

Following a honeymoon at La Jolla Beach, the newlyweds are residing at 2801 College avenue in Berkeley, where the bridegroom is employed by the U. S. Department of Justice. He is a graduate of Mississippi State College and did graduate work at Georgetown University in Washington, D. C.

The bride, for the past three years a kindergarten teacher at Pleasant Hill, Calif., is a graduate of Bob Jones University in Greenville, S. C., and attended graduate school at San Jose State College in California.

The Mature Parent

Don't Force Child to Give Away What He Likes to Keep

BY MRS. MURIEL LAWRENCE

A SIXTH birthday recently brought Frank C. the usual influx of new toys. To make room for them on his shelves, his mother had to move others to his closet. She writes, "I could hardly get them in, so jammed is the closet with toys the boy has been accumulating for years. Last year, we tried to persuade him to give some away, but he refused to part with any. What can we do about this?"

It's never wise, I think, to try to "persuade" a child to give away what he wants to keep.

However, we can recognize that Frank is unable to release the stagnation in his toy closet—and release it for him. Let's simply pack up his most outgrown toys for storage in the attic or cellar. This removal, which we can assure him maintains his ownership of his property, also breaks his close contact with it. By next year, he may be ready to acknowledge that he hasn't missed his old toys and be willing to give some away.

CHILDREN hoard toys for the same reason that very old people cling to useless belongings—distrust of their capacity to acquire better ones. When we allow children to accumulate a lot of unused, outgrown playthings, we encourage that distrust.

Personally, I believe in retiring one outgrown toy for every new one a youngster receives at Christmas and birthdays. If we begin this custom early in his life, he accepts it, and with it, changes in his own growth. Though we should be tender with his attachment to certain old toys, we must help him know he prefers play with his new building set to playing with his old blocks. If we keep the old blocks around him all the time, we don't focus his interest in new experience and his newly developed powers.

Until Frank has really accepted himself as a six-year-old boy, we mustn't give him his three-year-old toys away.

IN Dr. Erich Fromm's new book, "The Art of Loving," he writes, "In the act of giving, I experience my strength, my wealth, my powers. I experience myself as overflowing, spending, joyous. Giving is more joyous than receiving because in it lies the expression of my aliveness."

If we use force or moral persuasion to make a child give away what he wants to keep, he thinks of himself, not as strong and powerful, but as weak and deprived. Our aggressiveness increases his problem of self-distrust.

Taste Differences Disrupt Mothers and Daughters

It is difficult for some mothers to realize that a girl has to develop her own taste and that it is no insult to the mother if the girl's taste isn't identical with the mother's.

By chance the other day, I got in on a mother-daughter wrangle that upset the specially shop clerk who was waiting on them and looked for a little while as though it weren't going to be settled peacefully.

The girl, who looked to be about 16, had her heart set on a gold sweater and skirt. The mother had her mind made up that the gold wasn't becoming. She thought the daughter should buy a similar outfit in rosy red.

First Mama wheedled to get her way. "You look like an American beauty rose in the red skirt and sweater," she said.

"But I don't like it," the daughter kept saying.

Then Mama got mad.

"You don't like it because I do." Daughter had no answer for that.

GIRL'S TASTE SHOULD BE ALLOWED TO DEVELOP

WHILE other customers waited, the battle went on. Mama insisted that daughter again try on Mama's choice—which the girl finally did, with her lip stuck out two inches.

It ended the way such wrangles usually end. Daughter got her choice. But neither was happy about it.

"That goes on all the time between mothers and daughters," the clerk confided to me when, with a relieved and tired sigh, she saw them leave the shop.

It does because it is difficult for some mothers to admit that taste is an individual thing, and that a daughter's preference in colors and styles is a part of her personality that should be allowed to develop.

Take a mother like that and a daughter who is determined to be herself and not just a carbon copy of Mom and there is bound to be a continuing battle between mother and daughter.

Warren Player's Cast Scores Another Success in Two Shows of "Rainmaker"

Described as a romantic comedy in three acts, "The Rainmaker" by N. Richard Nash, unfolded before enthusiastic audiences at the Woman's Club Thursday and Friday nights as a tale of individual emotional problems that combined in true-to-life manner both fun and pathos.

Chosen as the 88th production of Warren Players, and second in the club's 27th season, the characterizations ranged from the incurable pessimism of elder son, Noah, who looked on the darkest side of every situation, to the almost incurably

optimistic Father H. C., who stoutly believed that luck should be trusted and everything would work out all right in the end.

In between were younger son, Jim, at the threshold of young love, and daughter, Lizzie, whom all feared would miss the thrills of this youthful experience and be exiled to that state known as spinsterhood, whose individuals are pityingly referred to as old maids.

Deputy Sheriff File and the self-styled rainmaker, Bill Starbuck, further complicated an already

touchy situation, and Sheriff Thomas rounded out the cast in the role of one who is only doing his duty.

All were interwoven into a network of hopes and fears, dreams and desires, and the ever-present hard facts of living in a midwestern drought area.

Director Lois Muir had an all-star cast which combined veterans and newcomers in the fast-moving presentation, Fred Plummer playing the head of the Curry household, Paul Myers, Dave Swanson and Eugenia Price in the roles of his three children, Bob Fey and John Swick as the representatives of the law, and Bill Campbell doing the irrepressible con man, Bill Starbuck.

Sharing in credit for the show's success were all who had to do with creation of a set that was skillfully worked out into three acting areas, the dining room of the Curry farm home, the dimly-lighted tack room near by, and a corner of the sheriff's office.

Warren audiences are justifiably prejudiced, of course, because of the long line of successes that has marked Players' history in Warren, but all seemed unanimous in rating the December production as another real hit.

Club members will now look forward to the next scheduled show, the annual Studio Nights January 17-18, when Helen Morrow and Mary Harland will combine their coaching talents in two plans of an experimental nature. One, according to program notes, will be a fantasy cast from junior members; the other, a one-act comedy.

Orient Influences Lamps for Today's Homes

BY KAY SHERWOOD
NEA Staff Writer

PROJECTING an exotic accent into today's decorative schemes are new lamps which are fashioned from designs inspired by Far East craftsmanship.

Of all the international themes seen in new collections, the Oriental asserts itself the most vigorously, according to the Lamp and Shade Institute of America. Furthermore, declares the institute, Oriental motifs are more widespread in lamps than in any other type of home furnishings.

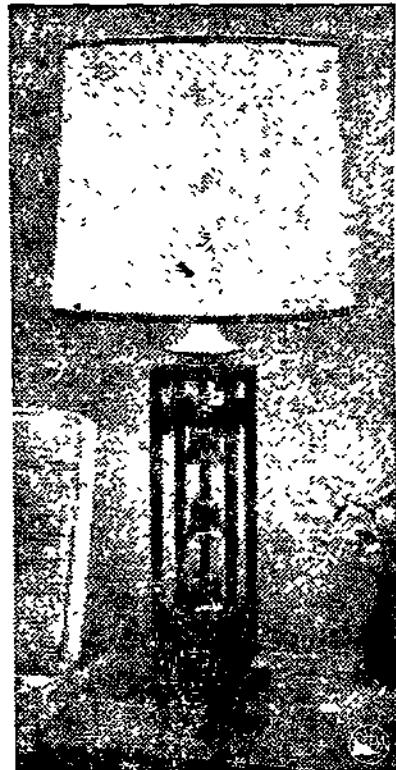

THE REASON? Homemakers are in the market for tall, distinctive lamps that will enrich a room setting without overwhelming it or looking out of character in it.

The graceful lines of Chinese, Japanese, Siamese and Indian motifs blend serenely with many types of modern, provincial and period furnishings.

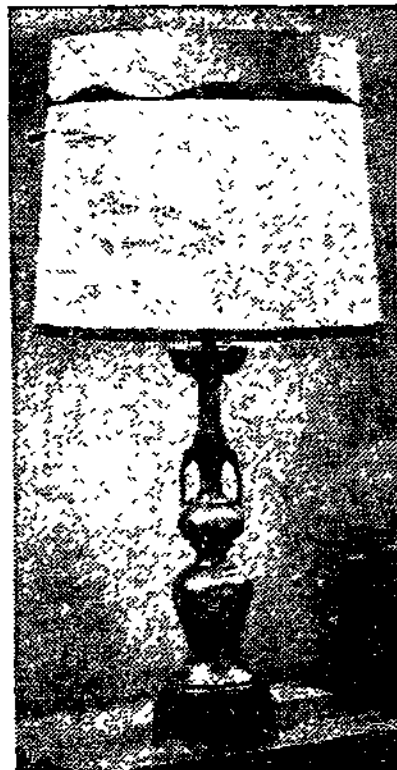

Another factor, in my opinion, is that new table lamps are sufficiently impressive in design and size to play a solo role, an arrangement that suits some interiors better than pairing of matching lamps.

And table lamps are shooting up in height. Some, scaled for the low-slung tables and sofas, rise to 56 inches and are comparable in height to new, diminutive floor lamps.

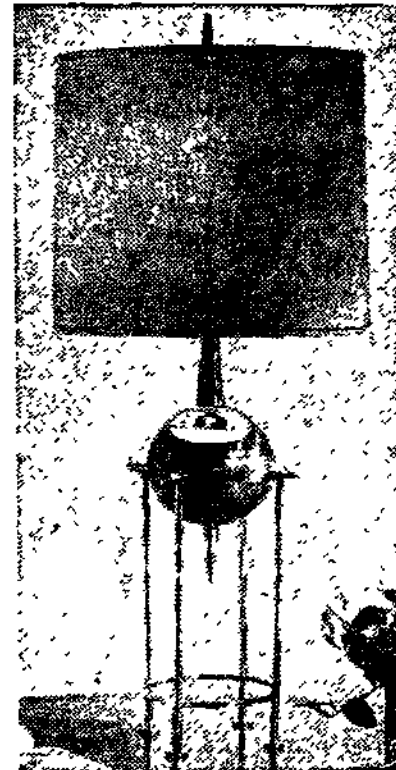

IN THE ORIENTAL trend you'll see both authentic reproductions and contemporary interpretations stemming from

Chinese temple bells within a traditional ebony frame ring out the Oriental note in this graceful table lamp.

Japanese altar candlestick inspired the designer of this lamp, which has a silk shantung shade trimmed in dark gray.

East Indian motif is expressed in this polished brass lamp, which features a delicately worked sphere on brass legs.

Oriental sources. A Hong Kong workshop specializes in replicas of temple objects which find a home in this country as lamp bases. Among the exact replicas are altar candlesticks and heavy bronze prayer bells finished in authentic colors—a muted pavilion gold, a deep temple bronze and a soft pewter tone.

Silk shantung shades mounted on translucent plastic are trimmed to pick up the color of the base. Dynasty figures, Ming

vase reproductions and Siamese heads are also used in bases.

CONTEMPORARY interpretations include openwork bases in carved wood or cast metal, shaped to suggest Japanese screens.

Lotus blossoms trace a delicate silhouette in wood, brass and porcelain lamps. Brass bells from India supply the source of inspiration for another collection. In desk lamps, the bells form

a new type of modern, bullet-shaped shade. In floor lamps, etched brass bands rather than the complete bells are set against walnut and ebony shafts.

For soft "mood" lighting or for use atop the TV set, Chinese lanterns take the stage. Sometimes, both new and old materials are combined in such lanterns. There's one in which butterflies captured in plastic are framed by a metal stand in a verdigris green finish.

In half a century the Christmas Seal Sale has grown from an effort to raise \$300.00 for an experimental hospital in Delaware to support a nationwide program of education, research, rehabilitation, and case finding carried on by 3,000 affiliated tuberculosis associations.

In insects, a tube-shaped blood vessel extends the full length of the body. The pumping part of this vessel is located in the abdomen and is called the heart.

United States raisin production in 1955 went up 30 percent.

Making something of the holiday—decor-wise—starts at the front door. The jolly jester (left) dressed in red and green felt greets guests with a musical tune "played" on his mandolin. Indoors, cheerful elf (top center), made of green holly leaves and red cherries, skates by tree made of same materials. Christmas carousel (bottom center) is made of red and white striped candy sticks and a round box trimmed with gift wrap tape and ribbon bows; construction paper reindeer hide a roll of candy to treat a lucky little visitor. In the bright red Swedish candle holder (right), tiny Kris Kringle and red Christmas balls replace rabbits to add a holiday note on a corner table. These are decorations that are budget-wise.

Christmas Meeting For Church Women's Council

Second meeting of the Warren Council of Church Women for this season was held Friday afternoon at Epworth Methodist church, with women of the Emanuel Evangelical and Reformed and North Warren Presbyterian churches co-operating.

After a quiet time, when beautiful organ music was presented, Mrs. Charles B. Kinney, president of Council, asked a prayer for peace.

Mrs. Webster Sechrist, presenting the treasurer's report, showed a balance of \$109.51 and an offering for the day of \$36.26.

Mrs. A. M. McDannel asked in a motion that as many women as possible in Warren county petition President Eisenhower and their congressman to ask the postmaster for a lower shipping rate for goods sent to mission stations and for relief.

Mrs. Ralph A'Harrish, North Warren, read Luke 2:8-14, reminding her listeners the conflict is not 'between nations but between love and hate'.

The audience sang a carol, "It Came Upon the Midnight Clear," and Miss Nancy Wickstrom sang a beautiful solo.

Mrs. Grangulst, of Epworth church, presented the Rev. J. A. Fetzner, Salamanca, who spoke instead of his wife, who was taken ill.

Using the topic "Missions—USA" Mr. Fetzner offered many interesting illustrations of migrant work in New Jersey and Pennsylvania, saying "you live in or near a mission field no matter in what locality you exist". He mentioned here are 285,000 churches in this country and offered several illustrations of America as a land of contrasts.

To conclude the very pleasant occasion, Christmas refreshments were served from a beautifully decorated tea table.

Mrs. Mildred Ruhlman, Marienville RD 2, wishes to announce the engagement of her daughter, Shirley Lynn Burcher, to Harry D. Griffith, Sheffield. The wedding date has been set for January 26, 1957.

The program consisted of two readings by Karen Brooks; piano solo, Carolyn Moore; two numbers by a quartet, Karen Brooks, Carol Benson, Carolyn Moore and Mary Jo Cronmiller; group singing of carols. Mary Richwalsky won the special prize.

Mrs. Ralph Santo was hostess for the annual Christmas dinner party of Junior Woman's Club, with Mrs. Lee Bathgate and Mrs. Joseph Mull the co-hostesses.

The club, sponsors of the kindergarten and nursery schools, elected December 19 as the date for the former's program and party, December 21 for the nursery group, with mothers and friends invited for both functions. It was also decided the club will turn over its white mule funds for the work of the Woman's Medical College in Philadelphia, a State Federation project for the past two years.

Assisting with refreshments for the 25 guests were Mrs. Bruce Melquist and Mrs. Charles Rice, with a grab-bag following.

Gathered From The Party Line

Mrs. Harry F. Nelson, 60 Pennsylvania avenue, east, has returned from Logansport, Ind., where she visited her son and daughter-in-law, Mr. and Mrs. Paul M. Nelson, and made the acquaintance of her new granddaughter, Christine Walker, born November 27. The younger Nelsons have three other children, Paul, Jr., Patty, and Martha Jean.

Also making the acquaintance of new arrivals, David Gubb, dental student at University of Pittsburgh, was home over the weekend to see his twin daughter and sons born last week in the maternity ward of Warren General Hospital.

One of the loveliest teas of the holiday season was that given in the YWCA activities building by Mrs. T. K. Larson, Hertzelt street.

Many reminders have been made in this column throughout the year, but it is particularly important at this season that meeting and party announcements be received promptly to insure publication on the date desired. To that end, readers are once again asked to indicate on their envelopes the department for which the latter is intended, editorial, social, church, etc.

Adding a Christmas touch to the area west of town is the gay "Christmas Greetings From Penec" which tops the big generating plant at Starbrick. Done in red and green, the greeting is flanked by miniature trees and may be seen from a long distance in either direction. Another holiday decoration has been added to the West Side of town, where garlands of lights have been placed over the entrance to the Eddy Street Sub-Station and a tree on the lawn is a twinkle with lights.

Attention is called to omission of a name in the recent account of Red Cross Awards Night, Mrs. Esther Sontag being one of the Nurse Aides of long standing and now serving with the Blood Program group.

Damaged Hemlock Will Be Cleared From Cook Forest

According to an Associated Press dispatch from Harrisburg some 25,000 board feet of hurricane damaged hemlock trees will be cleared from Cook Forest State Park by a Western Pennsylvania lumberman under an agreement with the State Forest and Waters Department.

The department reported over the weekend Charles Flint of Marienville, Forest County, had submitted high bids of \$900 for each of two lots. He is to have the wood removed by December 22.

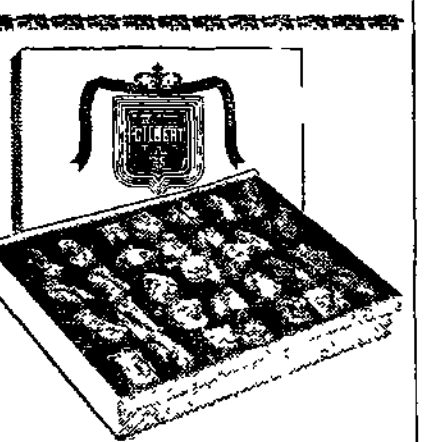

Maurice K. Goddard, secretary of forests and waters, said many of the downed trees were part of the Cathedral area virgin timber stands. This section of the Cook Forest contains some of the state's outstanding specimens of white pine and hemlock.

Goddard said clearing of the damaged trees is imperative because of the forest fire hazard they create.

Editor and Publisher of The Titusville Herald Since 1922 Dies Following a Long Illness

Titusville (P)—Edgar Taft Stevenson, 78, editor and publisher of the Titusville Herald since 1922, died yesterday in St. Vincent's Hospital at Erie.

EDGAR TAFT STEVENSON

Stevenson underwent minor surgery a week ago. He had been a patient in the hospital since Sept. 15—the same date that his newspaper moved into new quarters. A native of Sandy Lake, Mercer County, and a graduate of

Bucknell University, Stevenson began his newspaper career in 1897 with the Oil City Derrick. He later was managing editor of the Franklin News-Herald.

He purchased the Titusville Herald in 1922 and became the third publisher of the morning newspaper. It has been published for 31 years.

In 1947, the Pennsylvania Newspaper Publishers Association presented its annual award to Stevenson for long and meritorious service. He was a life-long member of the Republican party and an active supporter.

Stevenson was a member of the First Presbyterian Church of Titusville. He served on the state historical and museum commission from 1945 until 1952 and was a director of the Second National Bank.

Stevenson's first wife, the former Fern Braddock of Mt. Pleasant, Westmoreland County, died in 1951. He is survived by his second wife, the former Hazel Down Wilson of Rochester, N. Y.

Also surviving are two sons, James and William; five grandchildren, and a sister, Mrs. Sara S. Orr of Mercer.

James is vice president and general manager of the Herald. William is vice president and treasurer.

Funeral services will be held tomorrow in the First Presbyterian Church and burial will be in Woodlawn Cemetery.

SHEFFIELD

Sheffield—Residents throughout the area are urged to get their Christmas trees from the Conservation Club, which has undertaken this project to raise money for deer feeding. Many hunters have complained deer in the section are not well fed and it is hoped in this way to raise sufficient funds to better the situation.

Trees will be on sale evenings at the Peterson Bros. building, also at Corky's Keystone Service Station.

Philathea Class of First Methodist church will have its covered dish dinner in the church dining room at 6:30 p. m. Tuesday, each member to have as guest a child from the Ruth M. Smith Children's Home. Entertainment will be provided by Mae and Virginia Swanson.

The Citizens Committee will meet 8 p. m. Tuesday at the Lesman Building.

The Brotherhood of Bethany Lutheran church will meet Tuesday at 8 p. m. in the church parlors.

Carrie and Edith Carlson will be hostesses to the VFW Auxiliary Tuesday evening. Everyone is reminded to bring a package for the grab-bag.

Lady Harriet Rebekah Lodge will have its Christmas tureen dinner Wednesday evening. Entertainment will follow the dinner. Also an exchange of gifts.

Many persons have found deep satisfaction in making memorial contributions to the Heart Fund. In this way, they have both served the living and paid thoughtful tribute to the memory of a friend, associate or relative.

Warren Routs Kane, 63-43; First Time in 5 Years

RICKERSON AND LINDQUIST LEAD DRAGONS TO VICTORY

By ELLIS HAWKINS

"We waited five years for this. It was the teamwork that did it. The boys were good. All of them." A beaming coach Massa reflected the cheers of nearly 800 fans last Friday night. Then he had seen the well organized Dragons come through to victory. The final score read Warren 63, Kane 43.

Last season Warren had come close, losing by scores of 55-54 and 61-59. But almost doesn't count. So this time it's Warren's game with room to spare.

The game had the appearance of a close contest in the early part of the first period. Then the Dragons turned it on full-throttle and Kane never caught up. Showing the way were big Ed Rickerson and Steve Lindquist. Rickerson had five field goals and eight free shots for eighteen points. Lindquist hit for eight field goals and eight free shots for eighteen points. Lindquist hit for eight field goals and eight free shots for eighteen points. Lindquist hit for eight field goals and eight free shots for eighteen points.

Junior Dragons Blast Kane JV's By 56 to 37 Score

Warren Junior Varsity started the big ball bouncing Friday by taking the preliminary game 56-37 and it was a Dragon night all the way.

Creola and Yerg blazed away with fifteen and twelve points respectively for Warren. For Kane it was Bernhard with 12 points. Then there was Little Jim Kibbie, the hard playing, five-foot forward who also plays half back on Kane's football squad. He threw in his heart and came up with six points.

Warren took a four point bulge in the first period and by the end of the half had run it up to fifteen with a score of 36 to 21. Kane chopped four points off Warren's lead in the third period, but Warren came back to take the fourth and game.

Giambra Is Favorite To Take Castellani

San Francisco, (AP)—Joey Giambra, tough Buffalo, N. Y., middleweight, ruled a slight favorite to take Rocky Castellani tonight in San Francisco's first major fight in four months.

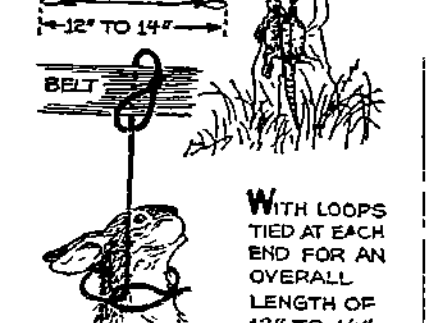

Giambra, 24, gets the nod because of a unanimous decision over the Cleveland, Ohio, boxer last August.

Rocky, 28, has lost San Francisco fights to middleweight champ Ray Robinson and ex-champ Bobo Olson. He decked Robinson.

"If I nail Joey like I tagged Robinson this one won't go the limit," Rocky said.

Browns Batter the New York Giants to the Tune of 24 to 7

By JIM KENSIL
The Associated Press

This is one year—the only one in the last seven—that the Cleveland Browns won't have the final say-so about the championship of the National Football League's Eastern Conference, but yesterday they got in their two cents worth.

The six-time champions of the conference have been beaten and battered this 1956 season like never before. Yesterday however, they battered the New York Giants 24-7.

Tommy O'Connell and Curly Morrison did most of the hacking. Now the Giants have to win or tie their finale in Philadelphia.

Saturday to capture their first division championship in 10 years. If they lose, the Washington Redskins, 19-17 last-minute victors over the Eagles yesterday, could grab the prize with victories in both their remaining games.

The Chicago Bears and Detroit Lions meet in the Western Conference showdown, next Sunday at Beartown. This was set up when the Bears grabbed a desperate 10-3 victory over the rival Chicago Cardinals and held onto second place while the Lions were breathing easy in a 45-7 Briggs Stadium romp over Pittsburgh.

All other teams in both conferences are eliminated.

Dramatic Finale Shaping Up Between Detroit Lions, Bears

By DAVE DILES
The Associated Press

Detroit (AP)—"It doesn't matter much what we've done up to now, it's what we do next Sunday."

With that simple summation, coach Buddy Parker wrapped up the Detroit Lions' 45-7 victory over the Pittsburgh Steelers and their showdown clash with the Chicago Bears six days hence at Wrigley Field.

The Lions' ninth victory, accomplished yesterday before 52,124 fans who helped to set a new season home attendance record, was the most one-sided in their 22-year rivalry with the Steelers.

Coupled with the Bears' 10-3 win over the Chicago Cardinals, it sets the stage for a dramatic wrap-up for the western conference championship of the National Football League. The Lions, who rested their first unit the entire second half against the inept Pittsburgh club, trounced the Bears 42-10 just eight days ago.

And Parker, who has carefully guarded his words as his club rolled to one victory after another in a tremendous comeback campaign spoke of the Bear game this way.

"That's when we'll find out just how much of a comeback we have made. A comeback is fine, but it doesn't mean a whole lot unless you can go all the way."

Detroit, with only three victories last season after grabbing three straight division titles, goes into the battle with a 9-2 record. The Bears have won eight, lost two and tied one.

The triumph over Pittsburgh was the simplest of the season. The Lions scored twice after Pittsburgh fumbles within the first five minutes, gave up a Steeler score on a fumble of their own, then

Wilt The Stilt Gets To Facing First Real Test on Road Trip

By DON WEISS
The Associated Press

It looks as if those San Francisco Dons had better push that winning streak for all they're worth. Wilt the Stilt and his Kansas company seem determined to establish a similar run through the college basketball world.

Wilt Chamberlain, probably one of the most sought after high school players in athletic annals, has been in two varsity games for the Jayhawks. And it becomes more and more evident why Phog Allen was so reluctant to accept mandatory retirement at Kansas.

In beating Northwestern 87-69 and Marquette 78-61, Chamberlain has scored 91 points and, just as important, has been getting points at a 3-1 ratio over his opposing center, indicating he has more than a passing knowledge of defense.

The big sophomore will get his first road test this week. Coach Dick Harp takes the Jayhawks to the West Coast for games with the Washington Huskies Friday and Saturday and with California Dec. 18.

Elsewhere in college basketball, with few exceptions, the early weeks of the new season have indicated the old refrain of "next verse, same as the first."

The Dons, still winning but not with the ease when Bill Russell and K. C. Jones were around, spilled Seattle Saturday night 57-52 to run their all-time streak to 59.

Leading Argentine Heavyweight Steps Into a Main Event

By The Associated Press

Alex Miteff, the handsome Argentine heavyweight who has won seven straight prelim bouts, steps to the main event class tonight at St. Nicholas Arena against Archie McBride of Trenton, N. J.

Although Miteff has stopped four of his seven opponents he hasn't been tested. McBride has been in with some of the best, including Floyd Patterson, the new heavyweight champion, and has a 20-11 record. However, McBride has not been active recently.

DuMont will telecast to some sections.

Rory Calhoun, the White Plains, N. Y., youngster who has been making a big noise in the middleweight class, comes up against a real test Friday at Cleveland in his bout with Joey Giardello of Philadelphia.

Paul Jorgensen, high-ranked featherweight from Port Arthur, Tex., will make his Garden debut against Carmelo Costa of Brooklyn on the Wednesday night show.

Sheffield Wins Sudden Death Playoff To Take No. 1, 57-55

The lanky Sheffield Wolverine basketball squad won its season opener 57-55 Friday night in a sudden-death session against Smethport on its home court.

A pair of free throws by '62 George Andrews in a double overtime gave the charges of Coach Ralph Santo the victory margin. Andrews also shared high point honors with Bob Miley, each scoring 17 points.

A Smethport quintet which caught fire in the fourth period almost spelled certain defeat for Sheffield which was unable to stop a 24-point barrage. The Wolverines, behind a single point at the end of the first stanza, came back hard in the second and

third quarters to hand Smethport an 11-point trail going into the final canto.

Early in the closing minutes, Sheffield was able to pad the lead to 15 points before Smethport began sinking every shot. Holding the Wolverines to 13 last-period points, Smethport tied it up with 24.

Andrews broke a 50-50 tie by sinking two free throws. A Smethport man then tied it up 52-52 at the buzzer by sinking a one-hand push shot from mid-court to send the game into the first overtime.

The extra-period ended 55-55 as each team scored three points. Then Andrews closed the contest with his two free throws during a "sudden death" playoff.

Sheffield, which went undefeated during the regular season last year winning 18 straight, plays Manenville at home Tuesday. Sheffield lost the regional playoff last year in class C to Fredonia, Pa.

Northern Knights Defeat Cassadaga Valley by 61 to 39

Northern Area basketball coach Robert Grosch, former Warren cage star, whipped his Knights to their third straight victory Friday night as they rocketed by Cassadaga 61 to 39 on the home court. Knights slipped off to an early lead and by the first quarter were ahead 14-7. That 7-point margin was padded in each succeeding quarter though Cassadaga was able to hold the Knights to a short one-point margin in 14-13 second quarter scoring.

Merle Wightman took scoring honors for Northern Area sinking four field goals and eight foul shots for a 16-point total. Bud Rowland had 15 points and Lefty Olson dropped 13 for the Knights. A scheduled game with Randolph for Tuesday has been cancelled leaving the Knights an open date. Their next game will be Friday at Watsburg which NA beat in the season opener. NA Jayvees lost their second straight game 35-28 to the junior Cougars.

Hockey League Race Is Very Neighborly Affair

By The Associated Press

The American Hockey League race today was a very neighborly affair today with a mere two points separating the top four teams.

Providence defeated the first place Hershey Bears 7-4 last night to earn a tie for the top spot at 27 points. And Cleveland jumped over Buffalo into third with a 7-2 trimming of the Bisons. The Barons have 26 points with Buffalo a point back. In another encounter, fifth-place Rochester turned back last-place Springfield 6-0.

The Reds captured a share of the lead with a four goal uprising in the second period to break a 2-2 tie. Ken Davies, Zelle Toppazzani, Camille Henry and Ray Moss were responsible for the rash

Champ Patterson Brings Needed Fresh Slant to Ring

NEW YORK. (NEA)—Young Floyd Patterson's knockout of Archie Moore gave boxing a decidedly fresh slant in more ways than one.

For one thing, it hid the heavyweight division of the old block, something it has been plagued by since Joe Louis "retired."

The protracted run of pappy guys wasn't halted with the advent of Rocky Marciano, for they provided practically all of his opposition. Even The Rock grew tired of putting lumps on their heads. There were Ezzard Charles, Jersey Joe Walcott, Louis in the comeback and finally Moore.

Glove graybeards necessarily have to bow out on the sad side, as did Walcott against Marciano, and Moore against Patterson. They fall apart all at once.

PATTERSON PUTTING the venerable Moore in a rocking chair has had a tremendous influence on the Sugar Ray Robinson-Gene Fullmer 15-rounder for the middleweight wreath at Madison Square Garden, Jan. 2. Robinson isn't quite as ancient as Moore, but he's not precisely a springer at 36, spotting the sturdy Fullmer 11 years.

The matches also are parallel in that most schooled ringworms believe that Robinson must flatten or badly hurt Fullmer early, or have all the worst of things as it rolls along. The break Robby gets is that where Patterson is a puncher, Fullmer is strictly a plodding mauler.

But when they saw what Patterson did to Moore, Ezzard Charles announced his retirement and Robinson was seized by a respiratory infection to such an extent that he requested a postponement.

PATTERSON'S MANAGER, Constantine D'Amato, is as refreshing as his tiger.

Cus D'Amato, a stocky, 45-year-old man whose eyes add to the intensity of a face under a shock of crew-cut gray hair, relieves the heavyweight championship of intrigue and subterfuge. There were no underworld characters associated with Patterson on the way up. At one time, D'Amato, as tough physically as he is forthright, threatened to pack a gun to keep them away.

Strange as it may seem in the break-busting business, especially in more recent years, here is a manager who puts principle ahead of money.

Prize fighting has always gone with the heavyweight champion, so D'Amato is now in position to clean it up. D'Amato will string along with Jim Norris, but the International Boxing Club has nothing in writing, so the manager is in position to set up another promoter in case he doesn't get that to which he considers Patterson richly entitled.

ONE POINT IS CRYSTAL CLEAR. D'Amato will insist on having a voice in television arrangements.

Right up until he got the match with Hurricane Tommy Jackson, through which Patterson qualified for the crack at the crown, D'Amato had his differences with Octopus, Inc.

"Whatever promotional talents the IBC had have atrophied," he remarked. D'Amato, you see, tosses \$3 words around as well as he did gloves when he worked with his pupils.

"Things in boxing will change when I manage the heavyweight champion," he added.

The changes can't come too soon and necessarily have to be for the better.

of goals after Obie O'Brien had scored his second goal of the night for the Bears to knot the count.

After Buffalo had fought to a 1-1 tie on Chuck Blair's goal, Cleveland took over and Danny Polziani led the Baron offensive with two goals.

Bronco Horvath put on a one-man show at Rochester, scoring three goals and assisting on two others.

BUNNIES PLUS DOGS
And the great animal-giveaway, fostered in the "Canine-Feline" column of the Times-Mirror, continues. This time telephone number Plateau 7-8112 calls with the information that two rabbits have joined two dogs on the big board. Pups, both male and four months from B-day, are black and white. YOUTH SUICIDES
Titusville Herald: William W. (Bill) Heath, 21, of Townville, RD 1, shot himself to death in the living room of his home at 7 o'clock Friday night while other members of the family were watching television in the same room. Dr. C. M. Sonne, Crawford County deputy coroner, issues a certificate of suicide. A bullet in the head from a borrowed .22 Hornet rifle ended the young man's life in a barren farm home in Troy Township. It also ended several threats to commit suicide, an evening of drinking and an argument over the use of a car. There was no apparent reason for the youth to kill himself, Dr. Sonne said, unless it was the fact he was moody when drinking. Heath had been saying he was going to end his life, members of the family told the deputy coroner. Three or four times he said if he killed himself he wanted to be buried beside his mother, who died 20 years ago.
